**AquaeDUCT™ – Flush Plates**

A series of very high quality Push Buttons to match the AquaeDUCT™ Bathroom Installation Systems for Wall Mounted WC's. These quick & easy fitting control panels have contemporary designs & are available in a variety of finishes. Supplied with all fittings & instructions

E&OE

**M7**

**M27**

**M37**

**M47**

**APPLICATIONS**

These matching flush plates suit the AquaeDUCT™ load bearing installation systems that are used to install Wall Hung WC's in en-suites, cloakrooms or other bathroom projects where WC Pans are required off the floor. Suitable for:

- En-suites & small bathrooms where space is at a premium
- Larger Bathrooms where sleek designs & ease of cleaning are a priority
- The majority of current construction systems.
- Domestic, light commercial, new build or refurbishment projects

**PRODUCT CHARACTERISTICS**

- European Designed & Manufactured to ISO9001:2000
- Match the AquaeDUCT™ Range of Load Bearing WC Installation Frames
- Easy to clean with a smooth self return action, operating both Small & Large Flushes of the cistern
- Removable push buttons act as a cover plate, providing easy access to internal workings
- Universal design, allows flush plate choice to be independent of WC frame
- Standard White finish, with options such as Polished & Matt Chrome, Mixage, Anthracite & Black
