

Approved for Issue - 4 June 2008

**DECO TILE**

A 'Value for Money' Shower Channel for TILED Wet Room Installations. Made from 304 electro-polished stainless steel, DECO TILE shower channels are a simple solution to installing an attractive floor outlet in Concrete or Wooden Floors, without the use of a shower base.

E&OE

**PRODUCT CHARACTERISTICS**

- Stainless Steel Linear Shower Channel that collects waste water from a wide area.
- Come as a complete package, comprising Channel, Grate, Instructions and a UK 1.1/2" waste & trap
- Removable Grate allows easy access to clean trap
- Waste & Trap Assembly fits at one end

**APPLICATIONS**

DECO TILE Shower Channels suit wet room floors where the installer is responsible for constructing & sealing the floor of a shower area within a wet room type bathroom. Suits :

- Simple Wet Room Projects
- En-Suites – small bathrooms where space efficiency is at a premium
- High End Designer Bathrooms – Large sizes add to the feeling of space within a shower area
- Wheelchair & Special Needs– Bathrooms where accessibility is a essential element of the design
- Refurbishments & New Build
- Floor Structures – Suits Concrete, & Board over Wooden Joist
