

Approved for Issue - 4 June 2008

FORM 22 – 900 x 900

Robust, Low Profile & Designed for fitting onto wooden floors, these 22mm thick GRP wet room shower bases replace part of the floor, creating a gradient leading to a waste outlet. Designed for a Tile Finish, although pumped wastes or commercial floor finishes like vinyl are options.

E&OE

PRODUCT CHARACTERISTICS

- GRP based hard Shower Base c/w Flat Underside, 17mm Gradients leading to Outlet with Factory Fit Collar to suit Waste Kit
- Self Supporting Waste & Trap Assembly with Horizontal outlet pipe (DIN 50mm)(Vertical available- special order)
- Stainless Steel Outlet Grate with Height Adjustment
- OPTIONAL - Installation Sealing Kit comprising Joint Sealing Tape & Waterproofing Sealant (see iForm 22)

APPLICATIONS

Form 22 kits are suitable to construct & seal the floor of a shower area within a wet room type bathroom. Suits:

- En-Suites – small bathrooms where space efficiency is at a premium
- High End Designer Bathrooms – Large sizes add to the feeling of space within a shower area
- Wheelchair & Special Needs– Bathrooms where accessibility is a essential element of the design
- Refurbishments & New Build
- Floor Structures – Designed for Board over Wooden Joist
